### **WHAT ELSE DO YOU THINK WE SHOULD DO TO SERVE YOU BETTER?**

- Have more copies of the book on reserve, make them cheaper, or let us use old editions.
- As a school? Don't sell parking permits for spaces you don't have. And seriously, if I hear one more person tell me that my attendance at this school is not proof that I live here, I'll scream. Don't fleece out-of-staters because residents feel too privileged to foot the bills.
- Include this class as a biological science. I believe it should fit the requirement.
- She should write notes, because some students like to see that.
- Hire more professors like her.

- More time to cover material. Very fast.
- Have more of this class available.
- No quizzes! Or tell us if we're going to have a quiz for sure.
- More/different office hours.
- Nothing.
- Nothing.
- It could be better if she held study sessions before exams because some professors do and I found them to be very helpful.
- Nothing.
- Nothing. She's perfect! But you could work on getting better Biology instructors!
- More class activities.
